The aim of The Weston Manor Hotel is to offer a diverse selection of wines from the world over, specific to their regions, soil and climate.

Our focus is to present the best examples of each grape; whether it be a single or blended variety, sourced from different regions of the world. Presenting a reasonable, organic and biodynamic approach to winemaking where possible.

All of this paired with the philosophy of each individual winemaker, winery, Domaine or château shows our guests the true heart of each grape, wine, region and country.

All of the wines that we serve are sourced by our sommelier & beverage director, working closely with suppliers or directly with the wineries to enable us to have the best selection as available.

If you would like to learn more about wine tasting and selection, our sommelier is always ready to explain and guide you for all your wine purchases and food and wine pairings.
